### Message from the Ministry

#### To our dear Parents;

Our Partners in Responsibility

When children disturb their parents during prayer, it is important to respond with love, patience, and calmness, as anger should not replace gentle guidance. By nature, children like to attract their parents' attention and may disturb them during prayer without meaning to. Therefore, it is important to gently explain to them that prayer is a special time between the believer and Allah, and that they should not interrupt those who are praying, while reassuring them that they will have plenty of time to play or talk after the prayer.
